

# The Glimmies Polaris Story

The six most magical Glimmies are ready to live an amazing adventure: *Dotterella, Nova, Hazelyn, Bunnybeth, Beelenia and Honeymia* decide to go into a **world made of ice** where they feel that animals need their precious help. *Aurea and Irilius* stay in Glimmieswood, as guardian of the enchanted wood.

To reach the **Polar World** they have a **magical portal** which take them from Glimmieswood to **Polaris**.

As in every story, there is an antagonist. This time is **Baba**, an old alchemist and her loyal raven **Gracchio**. They will try to stand in the Glimmies' way.

But **Friendship wins over everything**, even over darkness and our shimmering friends know it very well.
